## BRITISH BOMBARD JAP BASE IN SUMATRA

### Heavy Blow Aimed By Allies in The Dutch East Indies

Carrier-Based Planes Rip Up Shore Installations and Airfields at Sabang and Lhonga As Fleet Shells Dock Yards

LINK IN ENEMY SUPPLY ROUTE TO BURMA

By THOBURN WIAN  
Southeast Asia Headquarters, Kandy, Ceylon, April 20.—(P)—A powerful Allied fleet of aircraft carriers, battleships, cruisers, destroyers and submarines at dawn yesterday struck the first air-sea blow against Japanese-held Dutch East Indies since the fall of the islands in March, 1942.

The attack was made just four days after Admiral Lord Louis Mountbatten had shifted his operational headquarters to Ceylon from w. Delhi.

Allied bombers and fighters took off from the carriers somewhere in the Indian Ocean and carried out a surprise raid on Sabang and Lhonga airfields in northern Sumatra.

(The admiralty announced in London that Sabang also was bombed by the warships.) A communiqué said heavy bombs "heavy bombers" were transmitted (error) were used and fighter escorts strafed the ground targets.

An earlier admiralty communiqué, issued in London, spoke of an attack only by a "naval force," indicating a bombardment of Sumatra by surface vessels, but the Southeast Asia command's communiqué spoke only of air bombardment.

Sabang is a little island just off the northeastern tip of Sumatra less than 1,000 miles from Mountbatten's Ceylon headquarters and has an important harbor which the Japanese have been using for sea operations toward the west. Lhonga is a few miles away on the mainland tip.

With the expedition directed by Admiral Sir James Somerville, commander-in-chief of the British Eastern Fleet, the aircraft scored numerous direct hits with heavy bombs on the dock yard, power station, wharf, barracks, hangars, workshops and radio station at Sabang, on the northern tip of Sumatra, leaving large fires blazing in the area.

London, April 20.—(P)—British naval forces, sweeping near 1,000 miles across the Indian ocean from their bases in Ceylon, bombed Sabang at the northern tip of Japanese-occupied Sumatra, leaving large fires blazing in the area.

Hert's the new two-man British torpedo, proven successful in attack on the naval base at Palermo, Sicily. Aimed and controlled by two men in diving suits, the tin fish speeds to mark, attaches explosive nose charge to bottom of enemy ship, then scoots away. Daring? Well, rather!

### Dewey's Native State Moves To the Political Forefront

By D. HAROLD OLIVER  
Associated Press Staff Writer

Gov. Thomas E. Dewey's native state of Michigan moved to the political forefront today with a state convention called to select a 41-man delegation, sixth largest in the Republican national convention.

Gov. Harry F. Kelly has urged that the Michigan delegates be uninstructed as to a presidential nomination, although strong Dewey sentiment exists among candidates for delegate.

Dewey is far in the lead for 1944 party standard-bearer with 168 pledged and claimed delegates against 34 for the second highest, Lieut. Comdr. Harold E. Stassen. With Michigan's 41, a total of 477 of the GOP's 1,059 delegates will have been chosen. Most of those named so far—216—are uninstructed and unclaimed.

Another uninstructed group of nine was picked yesterday in a Delaware Republican convention, keynoted by Senator Buck (R-Del.) who declared the doctrine of the "indispensability of one man has no place" in a democracy.

Meanwhile, Republican leaders heaped more praise on the GOP national convention arrangements committee's selection at Chicago of Gov. Earl Warren, of California for convention temporary chairman and keynoter.

Rep. Martin of Massachusetts, House Republican leader, who will be recommended to the convention as permanent chairman, a post he held in 1940 predicted Warren "will make a fine speech."

The Republican house leader said selection of the Californian, whose name has been mentioned with Dewey's in national ticket speculation, might even increase his chances for second place.

Meanwhile, Gov. John W. Bricker, of Ohio, continuing his campaign for the Republican presidential nomination, asserted in a speech at Phoenix, Ariz., that the (Turn to Page Eleven)

### New Report Of Losses By Friendly Fire

Washington, April 20.—(P)—Secretary of War Stimson said today that a nine month delay in announcing the accidental shooting down of a second group of American planes in Sicily "is understandable when you consider the unpredictable reasons" which led to the loss.

Simultaneously, Elmer Davis, director of the Office of War Information (OWI), told reporters he was satisfied that the War Department had not deliberately attempted to suppress the news that half of the 10 planes and 44 occupants lost at Catania, Sicily last July 13-14 had been downed by "friendly" fire.

Washington, April 20.—(P)—The War Department has confirmed the loss of a second group of American planes, shot down when Allied as well as enemy anti-aircraft guns were turned on them by mistake, bringing the total losses in such incidents to 473 men and 34 planes.

The latest accident reported occurred at Catania, Sicily last July 13-14. Ten transport planes were shot down and 44 officers and men lost. The War Department said it was estimated that 50 per cent of the loss was due to "friendly" anti-aircraft fire.

The first such known instance occurred July 11, off Gela, on the southern Sicilian coast when 410 men and 23 transports were shot down as they flew into the range of enemy and Allied fire in the wake of enemy planes.

These were the two major incidents in a chain of accidents which now total six.

Allied Headquarters, Naples, April 20.—(P)—Fighting in the rubble-strewn streets of Cassino flared up sharply yesterday as Allied machine-guns raked the German-held Continental hotel and Hotel Des Roses and the enemy replied with heavy mortar fire against the railway station occupied by the Allies.

The two hotels, in the southern part of the town, have been the most troublesome German positions in Cassino from the very outset. The Allied machine-gun action indicated that positions of the contending forces have changed little in the recent quiet weeks. There was little other activity in the battered town except for the firing of propaganda leaflets into the area by the Germans.

The Allied air force, hindered by poor weather, had one of its quietest days in weeks.

### Nazi Leaflet Barrage Blows Back Over Line

Fifth Army Beachhead in Italy, April 20.—(P)—Nazi propaganda boomeranged last night when a shift in the wind caught up salaciously illustrated leaflets which enemy artillery was bombarding into the Allied lines and sent them fluttering across no man's land.

"No pin-up girls this time," was the comment of Allied troops.

### Black Market Gas Becoming Serious Threat

Washington, April 20.—(P)—Congress was told by an OPA official today that with "hot" C coupons bringing 50 cents each and illegal transactions draining off an estimated 2,500,000 gallons daily, black market operations soon may force a reduction in civilian gasoline rations.

This assertion was made by Shad Polier, director of gasoline rationing enforcement for the Office of Price Administration, in a digest of black market operations prepared for a house interstate subcommittee investigating the gasoline situation.

"The black market in gasoline is already dangerous," Polier's memorandum said, "but if allowed to grow it will become a serious threat to the whole war effort."

The 2,500,000 gallons of gasoline which Polier said is the daily "tribute" to "the thieves" and counterfeiter who steal, print and sell gasoline coupons and the chiselers who buy them or buy gas without coupons" would increase "A" rations by 30 miles a month or boost the top limit for "B" rations from the present ceiling of 325-475 miles to an estimated 700 miles monthly for business drivers.

The heaviest concentration of illegal coupons, was described in the report as being in the east.

### NEW ROCHELLE RECTOR URGES D-DAY PRAYERS

New Rochelle, N. Y., April 20.—(P)—When news of the invasion of western Europe is received here historic Trinity Episcopal church will toll its bells summoning residents to prayer, the Rev. Philip M. Styles, rector, announces.

Saying that many Americans would be giving their lives and the day would be a turning point in world history, the clergyman urged that similar D-day prayer meetings be held throughout the country.

### Bulgarian Railway Center Raid Target

By AUSTIN BEALMER

London, April 20.—(P)—RAF Italy-based bombers raided the railway center of Plovdiv, Bulgaria, today in a continuation of the powerful Allied offensive in which some 6,000 planes loosed 9,000 tons of explosives on Hitler's Europe in the 36-hour period ended last night.

Crewmen returning to their Italian bases from the daylight strike said bomb flashes spotted the target area in Plovdiv, which lies 80 miles southeast of Sofia and is an important point in the rail network southeastern Europe.

British-based bombers were inactive last night after the unprecedented Allied assaults on Germany yesterday, but Nazi raiders struck at England for the second successive night and loosed bombs along the southeast coast.

### PROCEDURE TO REGROUP 4-F'S IS PROPOSED

Committee Finds 'Conspicuous Absence' of Planned Effort to Put Men in Essential Work

3,500,000 ARE INVOLVED

Washington, April 20.—(P)—Complaining of "a conspicuous absence" of planned effort to direct qualified 4-F's into essential work, the house military committee recommended today that men needed for full military service be inducted for non-combat duty if they fail to seek essential war work.

The committee approved a recommendation of a special subcommittee headed by Representative Costello (D-Calif.) that no new legislation be enacted at this time dealing with the 3,500,000 men in class 4-F—rejected for service because of disabilities. Existing law, the committee said, provides ample authority for handling such men through administrative procedure.

The committee made these specific recommendations:

That Selective Service reclassify 4-F's into groups doing essential work and those not in essential jobs.

That Selective Service and the War Manpower Commission publish a list of occupations which would entitle a 4-F to be reclassified into 2-AF or 2-BF (occupational deferment).

The 4-F's in approved jobs notify their local draft boards and receive a certificate of approval before changing jobs.

That failure of a registrant to notify his draft board of willingness to take such jobs.

That men refusing to take essential work, when it is available, be inducted immediately for assignment to non-combat duty, and not be charged against the combat strength of the army and the navy.

That failure of the prescribed procedure to provide necessary manpower be followed by similar procedure in the cases of men already discharged from service and then, if necessary, apply to men between the ages of 38 and 35.

### Axis Believed Planning New Magna Charta

BY WADE WERNER

Lisbon, April 20.—(P)—The Nazis seem to be getting ready to proclaim some kind of "magna charta" for Europe, with the double purpose of persuading Europeans their best chance of escaping post-war social and economic chaos will be under German leadership while convincing the impoverished German masses they won't have to go bolshevik to get social justice.

Indications in this direction are seen in discussions of the post-war order appearing in the provincial German press and also in the 17-point program recently drawn up by Quisling economists and social theorists from all parts of Europe at a conference in Bad Salzbrunn, which is situated in Silesia relatively remote from the threat of Allied bombs.

Hitler's followers could discuss amid an atmosphere of peace and quiet the postwar social structure of Europe.

Altoona, April 20.—(P)—Carl S. Zimmerman, 62 father of 11 children, died in Altoona hospital yesterday two hours after being struck by a passenger engine at the Pennsylvania Railroad station here. He was a freight conductor.

### Farmers Having Difficulty Securing Needed Overalls

Washington, April 20.—(P)—A bi-partisan group of senators joined today in demanding that overalls, the traditional uniform of America's farmers and industrial workers, shall not vanish from the earth.

All of them have received complaints from back home, as well as from a series of labor union leaders at banking committee hearings on price control, that overalls and other once-cheap work clothes simply aren't a valuable in sufficient number, that mills apparently are not making enough of them.

### Army and Navy Battle Losses Total 189,309

Washington, April 20.—(P)—American Army and Navy battle losses now total 189,309. Secretary of War Stimson said today that Army casualties from Pearl Harbor through April 7 were: Killed 25,013; wounded 59,222; missing 32,048; prisoners 28,799—a total of 145,082.

The latest casualty list for the Navy, Marines and Coast Guard totals 44,227. This is made up of 18,795 killed, 11,726 wounded, 9,282 missing and 4,424 prisoners.

### Resistance Of Enemy In Air Is Decreasing

Washington, April 20.—(P)—Secretary of War Stimson said today that "our aerial invasion of Germany is continuing, the pressure is increasing and enemy resistance on the whole is decreasing."

He thus summarized the European aerial offensive in a press conference during which he also stressed the heavy blows by Allied aviation against Japan in the Pacific and in southeast Asia.

Discussing the effectiveness of the big-scale raids on German fighter plane factories, Stimson said that the enemy's production of this type of plane had fallen off an estimated 20 per cent since January.

The enemy's reserve of planes therefore will not come easily, Stimson said, but he cautioned that "critical periods" are ahead in the air war.

The secretary said that Allied Air operations from Italy have reached the point "where they almost overlap" Soviet air operations. As an example, he noted that the Russians have raided Galati, Romania, only 100 miles from Ploesti where American bombers have attacked.

In the southwest Pacific Allied air power "meets practically no resistance," Stimson said.

### MINERS CHARGED WITH VIOLATING STRIKE LAW

Pittsburgh, April 20.—(P)—Federal Judge F. P. Schoonmaker ordered bench warrants issued yesterday for the arrest of six more miners on charges of violating the Smith-Connally anti-strike law by allegedly interfering with coal production at mines under government control.

Bail was set at \$1,000 each for the men who were charged in informations filed yesterday with "coercing, inducing and encouraging employees to interfere by strike, slowdown x x x by picketing x x x and by counseling and advising employees not to work—with production of coal."

### TWENTY INJURED WHEN FERRY RAMS FREIGHTER

Baltimore, April 20.—(P)—Twenty persons were injured, several of them seriously, when a small inland freighter rammed a crowded ferry boat in fog-bound Baltimore harbor today.

Officials of the Bethlehem-Fairfield Shipyard, Inc., where the injured were taken, reported that of the 20 hurt, three had broken backs. A number of others were cut by flying glass.

The freighter plowed between 15 and 20 feet into the side of the ferry, which was jammed with workers on their way to their jobs at the Bethlehem-Fairfield and Maryland Drydock Company shipyards.

### BISHOP O'CONNELL ILL

### MILK HEARING IN WASHINGTON FRIDAY

Harrisburg, April 20.—(P)—Governor Martin and several commonwealth officials will leave tonight for Washington to attend a federal hearing Friday on Pennsylvania's request for authority to boost milk prices to the consumer and for the producer.

"I will make a brief statement," declared the governor. Accompanying Martin to Washington will be Miles Horst, secretary of agriculture and John M. McKee, milk board chairman. Representatives of 11 other northeastern states, joining with Pennsylvania for further authority in fixing milk prices, are expected to attend the hearing, set for 1 p. m. tomorrow.

### GUNS TRAINED ON REAR OF JAP POSITION

Calcutta Dispatches Say Preparations Almost Complete For Assault To Relieve Garrison

MAP VICTORY PATTERN

Kandy, Ceylon, April 20.—(AP)—British relief forces were reported training heavy mountain guns today against the rear of Japanese positions ringing the Allied base of Kohima after establishing contact with the besieged garrison in a fighting advance from Dimapur.

Dispatches from Calcutta last night said preparations were almost complete for a final assault to relieve the garrison of British and Indian troops, and clear the enemy from that section of India 30 miles from Burma border.

A dispatch from an army observer inside the besieged city, 35 miles southeast of the Bengal-Assam railway at Dimapur, said the garrison held out against a numerically superior Japanese force which had been attacking night and day for the past week despite heavy losses.

(The Japanese declared more than a week ago that they had captured Kohima. Earlier this week Tokyo said that Japanese forces, having completed mopping up in that area, were pushing on rapidly toward Dimapur and were within six miles of the town.)

The main British detachment from Dimapur, including one crack Scottish regiment, were said to have advanced to within 1,000 yards of positions held by the other Allied troops within the Japanese ring. The enemy thus faced fire from both directions.

While the pattern was being forged for victory at Kohima, tank supported British and Indian troops near Imphal, 60 miles to the south, were said to be clambering steadily over steep mountains in a drive that already has blasted Japanese invasion forces from three positions northeast of the town.

With Admiral Lord Louis Mountbatten, southeast Asia commander-in-chief, already set in new headquarters in Ceylon, it was disclosed yesterday that Maj. Gen. George E. Stratemeyer of the Eastern Air Command also has shifted his headquarters from New Delhi to Calcutta. It was explained that these moves were part of long-standing plans to take the establishments nearer the scene of operations.

### Noted Polo Star Victim of Crash

New York, April 20.—(P)—Lieut. Col. Thomas (Tommy) Hitchcock Jr., 44, internationally famous as one of the greatest polo players of all time, has been killed in an airplane crash in England where he commanded a P-51 Mustang fighter group.

Death of the hard-riding, 10-goal polo star, who had served in World War I as the youngest member of the Lafayette Escadrille, was disclosed by his family, who said they had received a cablegram from Ambassador John G. Winant.

The polo player's death brought to an end one of the most colorful careers not only in the sports world but on the American scene. Unable to enlist in the U. S. army in World War I, because he was only 17, Hitchcock joined the famous escadrille. He shot down two enemy planes and fought brilliantly until he was downed himself behind the German lines.

Although wounded with a bullet in the thigh, he escaped and made his way to Switzerland. Later he returned to the United States, was graduated from Harvard. He then began making polo history.

## Medicos Held Meeting With Fine Program

The physicians of the county were addressed yesterday afternoon by Nelson Johnson, who has had considerable experience in welfare and relief work, and is director of the Social Service department of the Warren State Hospital.

He spoke of the growing trend toward government relief and demands for free things in spite of more prosperous conditions. He believes the social factors responsible are gradual change from rural to city life—in 1940, 60% of the population was urban. With this comes a change in family make-up—the individual has more limited contacts, he no longer looks to his neighbors or his family for help in time of need. Another factor is the feministic movement—more women in industry brings about a change in the family concept. Marriage ties not so stable. Divorces have increased from one out of 18 marriages in 1877 to one out of every seven in 1943. The birth rate has diminished and improved conditions in living and medical advance has increased the expectancy of life, so that the population in the older age group has greatly increased. In 1870 only 11% of the population was over 50 years of age. In 1940 50% was over 50 years of age.

Social agencies have arisen to meet demands growing out of these social changes. They are not "New Deal measures", but are a part of a gradual change. Instances were cited, showing the change in family responsibility. Again there is a growing demand for security against sickness, a demand that legislators will be obliged to meet.

Physicians can cooperate by recognizing this trend and controlling it. If they fight it, a more dangerous form of state medicine may develop which will be beyond their control. In Warren county last year \$300,000 was spent for care of the aged and those in public institutions of various kinds. With the war ended, there will be increased demands for the care of soldiers and their families.

The speaker said he did not pretend to recommend any special form of medical insurance. He only wished to call attention to the social factors which might explain the increased demands for some form of government aid for various social evils.

A dinner in the dining room of the YWCA followed the meeting, sponsored by the medical staff of the State Hospital. Twenty-seven members attended.

### Recreation At Reynolds For Civilian Help

Greenville, Pa., April 20—As increasing numbers of civilian employees join the ranks of war workers at Camp Reynolds, an organized recreation program is being planned for off-duty hours. Capt. Henry J. Dewalt, civilian personnel officer, indicated today.

Outdoor sports and athletics, as well as dances and social events, will be coordinated through the camp's civilian personnel branch. This service will be in addition to other privileges open to Camp employees.

The camp's civilian employee office operates a car-sharing exchange to place workers in contact with drivers from their neighborhood. Employees and their families are eligible to live in low-rent Shenango Housing Project across Route 18 from camp, where they will have a commissary and an organized recreation program. In addition the office sponsors Job Instruction Training for supervisory personnel, and offers chances for cash awards to employees suggesting time and labor saving ideas.

Civil service jobs, offering sick and annual leave and retirement benefits, are open in the following fields: Truck and staff car drivers, teletype operators, shoe repairmen, freight and passenger clerks, mimeograph operators, typists, pharmacists, and motion picture projectionists. Capt. Dewalt reported, adding that four hundred job openings must be filled with qualified applicants to relieve soldiers for more active duty.

#### A REBUKE FROM MRS. KELLY

(Written for NEA Service, Inc., and the Times-Mirror by James Thrasher)

Mrs. Irene Kelly is a woman of dignity. She is not rich, and she is not well. Her eyesight and hearing are failing. But there is nothing wrong with her pride. She is the mother of Charles (Commando) Kelly, Pittsburgh, holder of the Congressional Medal of Honor, and of six other soldier sons.

As such, she has come to her countrymen's attention. And in consequence, she has given some of them a gentle rebuke which they would do well to remember.

Many people were agast when they saw newspaper pictures of Mrs. Kelly as she stood in the door of her Pittsburgh home, reading the letter which informed her that Charles was coming home on leave. Mrs. Kelly's house looked poor and unpainted. It faced on an alley, hemmed in by tall buildings. There didn't seem to be much chance for sunlight to get to it. These people thought it a shame that a hero's mother had to live there.

Newspapers said as much, editorially. Then a representative of the Public Housing Authority came around, with all the best will in the world, and offered to move Mrs. Kelly to a modern dwelling.

Apparently no one stopped to consider that Mrs. Kelly might be embarrassed and humiliated. She knew it wasn't much of a house, but she didn't care to have a lot of strangers poking about, holding her neighborhood up to unflattering comparisons and genteel scorn.

Mrs. Kelly is not ashamed of her two rooms and an attic. They are probably as neat and well furnished as any thereabouts. She may not have electric lights and hot water and an inside toilet. But she has a nice gas stove and an enameled ice box. The kitchen walls are a fresh, cheerful green. The cabinet and sink and table are painted a shining white. Everything is clean. It is quite possible that Mrs. Kelly is used to being envied a little by her neighbors. And now what will the neighbors think, with all these strangers trying to make her ashamed of the place?

Mrs. Kelly and her seven boys have probably planned for a better place some day. Some of the folks who are trying to help can look back a generation or two in their own families and understand how she feels.

This is not a defense of poor housing, but a protest against the unconscious snobbery of a lot of professional do-gooders.

Perhaps Mrs. Kelly has taught us that we need a little more respect and a little less head-patting in our laudable aims toward social betterment.

In the death of Walter S. Pittman Warren loses another of the few remaining pioneer printers. A resident of the borough for about 43 years he witnessed the changing scene with a kindly philosophy and friendly outlook on life that endeared him to all who had the good fortune to make his acquaintance. He was keenly devoted to his home and his family. By them and his neighbors and by his associates of other days, he will be greatly missed.

Times-Mirror readers have learned with considerable satisfaction that press services have reached an agreement on the spelling of certain foreign names, among them "Yugoslavia." That's going to help headline writers, proof readers and the public generally.

The Warren County Ministerial Association solicits the cooperation of all citizens in making Invasion Day an event for prayer and meditation. It is interesting to note that the idea which originated in Warren is being adopted in many communities.

Persons entering the woods, and especially trout fishermen, are reminded that the danger of forest fires has greatly increased by three days of sunshine. Forest fires impede the war effort. Now is the time for extreme caution on the part of all.

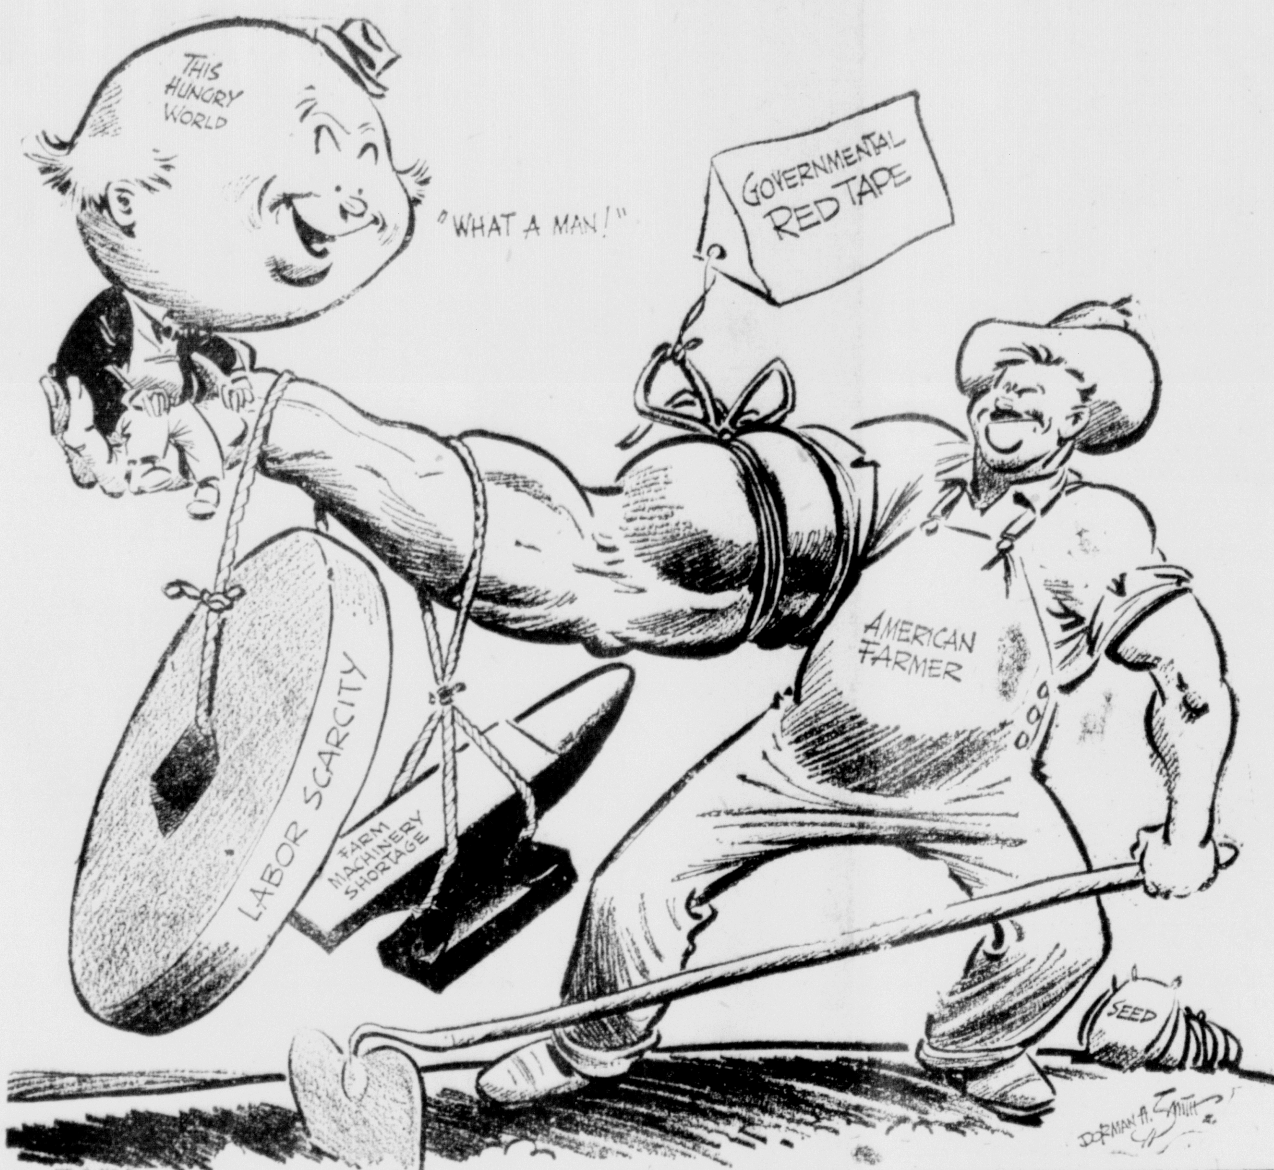

Yesterday's tin collection is reported to have been quite successful. Now is the time to start planning for the next drive to make certain that the county's record in contributing much-needed salvage will be maintained.

DON'T WASTE SOAP. Vital war materials are used in making soap. Be careful not to waste it.

UNLIKE MANY SOAPS that lie flat, only a very small part of SweetHeart Soap's big OVAL cake actually touches the surface. Air dries it off fast... helps avoid wasteful "jelly" in the wet soap dish. Save with long-lasting SweetHeart Soap—the only soap among eight leading brands that is oval in shape.

## Officers Of Moose Lodge Are Installed

The annual installation of officers of the Warren Lodge Loyal Order of Moose, were installed last evening at the meeting held in the Moose building on Hickory street. The installing officers were: Clare A. Berger and Sergeant at Arms, Walter E. Kiser. Mr. Berger is the first Past Governor of the Warren lodge.

Those installed were: Past Governor, Edward Stites, Outer Guard, Ward Bauer; Inner Guard, Gust Swick; Sergeant at Arms, Lester Nero; Trustees, Harry Minter and Milton D. Wheeler; Treasurer, S. E. Kuhre; Prelate, George Reiland; Junior Governor, A. J. McDonald; Governor, Sheridan Moore.

Following the installation exercises, remarks were made by a number of the members and Harold Baker drew attention to the fact that the Moose through its association with the Fraternal Association of Clubs has aided in presenting to each of the more than 4,000 men of the county who have gone to war, cigarettes and other comforts.

Lunch was served by the committee and fried fish, salads, etc., were greatly enjoyed by a large number in attendance.

### DETAIL FOR TODAY Busted

When a soldier is BUSTED, he is literally de-ranked. If a corporal or a sergeant commits a misdemeanor and is ordered to report to his commanding officer, he can usually figure on being BUSTED. This is intended to keep the non-com on his toes, which it generally does. The usual procedure for a BUST is for the BUSTED to approach his C. O., who says, "Sit down, Corporal Jones; stand up; Private Jones."

#### Letters to the Editor

Warren, April 18.

Dear Editor: If you were in the direct path of a tornado would you wait until it had reached your door yard before imploring divine protection? Your suggestion for a day of prayer when the invasion begins is timely and commendable, but why wait until it starts? Every home in America should be a house of prayer and every day a day of prayer for our men in the field and for our country, in this our hour of national peril. Kay Montgomery.

## How to RUIN DRESSES AND LOSE FRIENDS

It's tragic how some girls lose their friends and ruin their dresses because of perspiration odor and stains. And there's no excuse for it! It's easy to save dresses, it's easy to save friends.

Use Arrid, the new cream deodorant that helps keep your armpits dry and removes the odor from perspiration. Arrid is safe and dependable for these 5 reasons:

1. Does not irritate skin. Does not rot dresses or men's shirts.

2. Prevents under-arm odor. Helps stop perspiration safely.  
3. A pure white, antiseptic, stainless cream.  
4. No waiting to dry. Can be used right after shaving.  
5. Awarded Approval Seal of American Institute of Laundering—harmless to fabric. Use Arrid regularly. Arrid is the largest selling deodorant. Sold at all stores selling toilet goods—10c, 39c and 59c a jar.

Investigations to determine whether Erie district retail beer dispensers are "hewing to the line" on penny price increases OPA allotted them under the new Federal excise tax, effective April 1, and a recheck on restaurant and grocery prices are contemplated by the Price Panel of the War Price and Rationing board.

Owners and operators of establishments selling distilled spirits in the Erie district were granted slight price increases under the federal excise tax for mixed drinks and malt beverages.

OPA ruled against increases on malt beverages (beer, ale, porter, stout) sold on draft in quantities less than eight ounces. No increase is permitted for beer sold in bottles by liquor licensees or malt beverage licensees, OPA reminded dispensers.

Retail beer dispensers of the district were warned today that they must abide by the maximum price regulations in a clarification of the procedure in passing on to the consumer or absorbing the amount of the new federal excise tax.

Youngsville BPW Celebrates  
Its 13th Birthday With Dinner

Youngsville, April 19.—The 13th annual birthday party of the Youngsville Business and Professional Women's Club was held Monday evening, April 17th at the Pittsfield Inn. Guests were present from the B. P. W. Clubs of Union City and Warren. Table decorations were very effective, carrying out a color scheme of red, white and blue, in candles, flowers and attractive souvenir programs.

A delicious dinner was served. Miss Matilda Kamber acted as toastmaster and in a unique and interesting manner introduced the speakers and announcing the other features of program, always with appropriate rhyme.

The welcome to the guests was given by Miss Goldie Hill with response was made by Miss Louise M. Nelly, president of the Warren B. P. W. Club. During the dinner hour Miss Lilly Wood lead in the singing of songs printed on the program. Each of these songs was a product of one of America's war songs as follows: Yankee Doodle—Revolutionary War; Marine Hymn—War with Tripoli; Star Spangled Banner—War of 1912; Deep in the Heart of Texas—Suggestive of the Mexican War; Tramp, Tramp, Tramp—Civil War; Yankee Doodle Oodle—Spanish American War; Over There—World War I; The Army Air Corps—World War II.

Following the dinner a Past Presidents pin was presented to Mrs. Edith Getts by Nellie Knapp.

Musical numbers were vocal solos by George Kay; cornet and trombone duet, Wm. Horner and Philip Baumgardner; piano solos, Janet Jones.

The speaker of the evening was Arlene Schnure, inter-county home economics supervisor with office in Warren. She gave a splendid address with her topic "Woman's place in the post war world."

Out of town guests present were Louise Nelly, Ruth Wodin, Maybelle Bairstow, Inez Lake, Violet Peterson, Ethel Patch, Margaret Drivas and Miss Karr of Warren; Verna Duncombe, Flora Inman, Pearl Monroe, Hazel Waite, Clara Durbin, Kathryn Pierce, Alice Johnson, Myra Duncombe, Mildred Hague, Wilma Davis, Reva Childs of Union City.

At a meeting of the club held this week with Miss Goldie Hill presiding the following officers were elected: President—Mrs. Rose Hubert; Vice President—Mrs. Bertha Bradway; Recording Secretary—Miss Matilda Kamber; Corresponding Secretary—Mrs. Elizabeth Canfield; Treasurer—Mrs. Hazel Hale.

Coming events planned at this meeting included a party on May 8th in the evening with games and an auction. Guests are to be invited. The annual May breakfast will be at 7:45 a. m., May 21st on Island Park. Installation of the new officers will be held then. A library drive in June was also suggested with the Girl Scouts of the senior group assisting the club members.

### Spring Dance Arrangements Near Finish

Final preparations for the PAC spring dance next Saturday evening are rapidly nearing completion. Mac McCarthy's 10 piece orchestra has been secured to furnish the music. Special decorations will be furnished and refreshments will be served during intermission.

While many of the PAC girls and their friends are planning to attend formal, it is pointed out that the PAC policy will permit admission of any boy or girl of PAC age, since these parties are open to all boys and girls of the community. Dress is optional.

Leland Day is general chairman in charge of arrangements, and the committees are as follows: Decorations: Marcia Johnson, Allen Woodruff, co-chairmen John Robertson, Mary Evelyn Hill, William Hill, Dick Blair, Elizabeth Bathurst, Arlene Spickman, Betsie Conaway; publicity, Tom Hampson, chairman, Bill Fuelhart, Chuck Sires, Chuck Cochener; refreshments, Nancy Schwartz and Helen Claire Hullings, co-chairmen, Jim Richards, Bob Swick, Ruth Ann David; dance programs, Beth Smith, chairman, Virginia Johnson, Jay White.

### Mary Church Will Represent YWCA In Atlantic City

The local YWCA will be represented by Miss Mary Church, general secretary, at the three-day session of the eastern regional conference of the national board, to be held in Atlantic City April 21 through the 24th. Sessions will be in the Hotel Chelsea.

The Atlantic City meeting will be attended by more than 500 representatives of 142 community and 127 student Y. W. C. A. centers and 40 U. S. O.-Y. W. C. A. clubs in 12 states of the region from Maine to West Virginia. Similar meetings have been planned for the southern and western sections of the country in lieu of a full national convention this year.

Mrs. Wesley M. Angle, Rochester, N. Y., chairman of the eastern region, and Mrs. Henry E. Corner, Baltimore, Md., vice chairman and head of the conference planning committee, will take part in the program. Mrs. Henry A. Ingraham, Brooklyn, N. Y., president of the national board, and Mrs. Birdsell Calkins, Washington, D. C., president of the Y. W. C. A. of America, are among the 25 or more national volunteer and professional staff members who will help lead the sessions.

Dr. Helen Meiklejohn, economist, and Dr. Vera Micheles, Dean of the Foreign Policy Association, will address the full conference.

The purpose of the conference is to discuss the common problems which YWCA's are facing in all parts of the country because of the greatly expanded work with women and girls under the abnormal strain of the war. The other statement of the purpose is "The YWCA is a great national and international movement of women and girls, and it is by this kind of interchange of experience that we see ourselves as a whole and with frank self-analysis decide how, holding the faith we hold, and using our experience in four wars, we can together direct our most characteristic efforts to serve the American Community and the devastated communities in other countries—in the war and after."

### MEN AND WOMEN IN THE SERVICE

Mr. and Mrs. Robert Doolittle have received word from their son Robert, some word in North Africa, that he has been promoted to the rank of corporal.

### "ALL-BRAN WORKED WONDERS FOR ME!"

Says Constipation Sufferer

There's real hope for common constipation sufferers in this unsolicited letter!

"Thanks for what KELLOGG'S ALL-BRAN has done for me. I'm 75 years old. Had been taking pills and salts almost every night. 4 weeks ago, I started eating KELLOGG'S ALL-BRAN every morning. Soon I had regular movements without any trouble. I can't praise ALL-BRAN enough. It sure works wonders for me." Mr. E. C. Zook, Box 114, Fairbury, Ill.

How can such amazing results for thousands be explained? Scientists say it's because KELLOGG'S ALL-BRAN is one of Nature's most effective sources of certain "cellulosic" elements, lack of which in the diet is a common cause of constipation. They help the friendly colonic flora fluff up and prepare the colonic wastes for easy, natural elimination. KELLOGG'S ALL-BRAN is not a purgative. Doesn't "sweep you out"! It's simply a gentle-acting, "regulating" food.

If you have constipation of this type, eat KELLOGG'S ALL-BRAN regularly with milk and fruit, or mixed with other cereals. Drink plenty of water. See if you, too, don't get real help! Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

### Mary Monica Baker Sgt. Wm. Galmish Exchange Vows

Mary Monica Baker, daughter of Mr. and Mrs. Charles Baker, 613 Fourth avenue, and Sgt. William A. Galmish, son of Mr. and Mrs. Frank Galmish, 210 Union street, Titusville, were united in marriage Wednesday morning. The double ring ceremony was performed by the Father Arthur J. Leon at the St. Joseph's rectory.

The bride, given in marriage by her father, was lovely in a gown of ivory faille with a sweetheart neckline and a tier of ruffles falling from the waist. Her fingertip veil of tulle fell from a crown of orange blossoms. The bridal bouquet was of white roses and sweet pebs.

Attending the bride as maid of honor was her cousin, Loretta Mulligan, who wore a gown of aqua taffeta, yellow headress, and carried a bouquet of yellow roses. Charles Galmish was his brother's best man.

Mrs. Charles Baker, mother of the bride was attired in a powder blue coat over navy and wore a corsage of pink roses and heather. Mrs. Galmish also wore navy, with a corsage of talisman roses.

Following the wedding breakfast at the Y. W. C. A., a reception was held at the home of the bride. The following were here from out of town:

Mr. and Mrs. Frank Galmish, Mr. Charles Galmish, Mrs. Ralph Pratt, Jr., Miss Mary McGough, Mrs. William Burns and Clifford Burns, of Titusville; Mr. and Mrs. Roy Dickraeger and Mrs. Alex Galmish, Tionesta; Mr. and Mrs. William McQuiston and son Larry, Hartsville, Ohio; Mr. and Mrs. Max Werkel, Mrs. Carl Sollinger, Reno; Mrs. John McCaffery and Francis McCaffery, Rexville, N. Y.; Miss Loretta Mulligan, Belmont, N. Y.

Pre-nuptial parties for the bride were given by: Mrs. Charles Baker, mother of the bride; Mrs. Minnie Greenlund, Miss Jeanette Olsen, Miss Mary Lorenz, Miss Mina Lorenz, Miss Angie Sealise and Miss Florence Rogan.

A government survey among workers in Chicago and suburbs showed that nearly 37 per cent of the people depended on automobiles to transport them to and from work.

Chapter 17  
LATER, in the crowded supper room of the Continental Hotel, Adrienne discovered that her absorption in the opera music had not escaped his attention.  
"I have observed that you are a keen lover of music, Adrienne," he said leaning towards her, when the waiter had withdrawn with their order. It proves that we have this taste in common. Permit me to speak quite frankly. It is not difficult to see that you are not finding your true position in the work you are doing."  
"Had life continued in its former normal course, it wouldn't have been necessary," she retorted.  
"Adrienne, I can no longer remain silent. I am quite mad about you." A flame of passion had leapt into his "blue eyes." "If you will only return in part my feeling for you, there is nothing I won't do for you or give you. I assure you, your life will never know hardships again."  
He was not prepared for the sudden flash of contempt in her eyes, nor the cold disdain in her tones.  
"The fact that you don't realize you are insulting me proves how little you know me Herr Kapitän, and how lightly you regard me."  
"There you are wrong. I regard you highly, Adrienne. I consider you altogether lovely, fascinating, and desirable. But I want to warn you again against the snare you are setting. Herr Schafer may be setting."

SHE laughed lightly. "How could he trap me?" she demanded. "I am at loss to understand you, Kapitän Von Eger."  
"That shows how little you understand the methods by which he conducts his work. He would stop at nothing to obtain evidence of any conspiracy against the Reich," he said, measuring her with his eyes.  
"Eh bien," she retorted smiling and shrugging her shoulders. "And wouldn't you do likewise, Herr Kapitän? But surely you do not suspect me of conspiracy?"  
"How can I tell? You are a clever woman Adrienne, as well as courageous. But if I weren't deeply interested in you, is it likely I should warn you?"  
"Though the immobility of his expression habitually masked his

## Civilians Can Release Fighters By Working at Camp Reynolds

"Soldiers must be replaced by civilian employees at Camp Reynolds, so that they may be free to take a more active part in winning this war instead of being tied down with the housekeeping jobs at the Army Camp," stated Captain William W. Hague, head of the Civilian Recruiting Party, which will be stationed for a second week at the Warren U. S. Employment office, beginning Monday, April 24th.  
"Every man or woman not already employed in essential industry, can put his or her shoulder to the gun by taking over the many jobs now handled by soldiers at the camp. Clerks, typists, stenographers, truck and staff car drivers, teletype operators, shoe repairmen, pharmacists, and mimeograph operators are just a

few examples of the jobs that must be filled by civilians," the captain reported.  
All jobs accessible through civil service, offer attractive salaries ranging from \$1440 a year base pay to \$1.05 an hour for shop foremen.  
A housing project located directly across the road from the Army camp is facilitated to accommodate both large and small families. Two to five room apartments, furnished or unfurnished as desired are rented to the employees wages rather than by the size of the apartment.  
Temporary civil service appointments will be granted for those who are eligible by a Camp Reynolds officer who will be stationed at the Warren U. S. Employment office beginning Monday, April 24th.

## Investiture Ceremony At Irvine School

A Boy Scout Troop Charter was presented to the Irvine P. T. A. for their Scout Troop No. 22 it was learned today at the local Boy Scout office. The formal investiture of the Troop and its leaders was made at the Irvine School on Tuesday evening in connection with the regular monthly meeting of the Parent-Teachers Association. The Charter was presented by Gordon Clarke, of Youngsville, Neighborhood Scout Commissioner.

Following a brief Scouting talk the Charter was presented to Miss Helen F. Driscoll, President of the P. T. A. She then called the members of the Troop Committee to the front of the assembly where they were charged with their responsibility for the administration of the Scouting program in Irvine and presented their Scout membership cards.

W. C. Johnson the Scoutmaster, R. M. Brown and charged him with the responsibility of his office. The impressive investiture service was presented by Scouts of the Grace Methodist church Troop No. 2 under the leadership of Scoutmaster Fred Watt and Troop Committeemen, William Smith, Everett Grosch and Lewis Garber.

Members of the Boy Scout Troop in Irvine are as follows: Ronald Thompson, Virgil Munson, David Johnson, Andrew Randinelli, Melvin Hagg, Calvin Westfall, Benjamin Randinelli, Frank Tittlo, John Randinelli, Donald Johnson, Everett Nyberg, Fred Hagg and Charles Uerl and Clair Christie who are serving in military service.

### CORYDON

Corydon, April 18—Pvt. Lillian Downing, spending some time here during the summer season with the John Reid family has recently been in training at Oglethorpe, Georgia, a member of the Women's army corps. She is the youngest enlistee in the Oil City area and will serve in the air base. Pvt. Downing's picture appeared recently in the Oil City Derrick. She has numerous friends and acquaintances in Corydon community.

Members of the Wednesday Night Social club met with Mrs. L. I. Whyte. Two tables of 500 were in play. In conclusion high card token was awarded to Mrs. Lida Wilcox, as was also the traveling token, Consolation to Mrs. P. E. Tome. Refreshments followed.

Word was received here Saturday of the death of Mrs. Bessie Hook, of Salamance, N. Y. Funeral services in her memory were held Monday in Salamance at the home of her daughter. Her husband Earl Hook preceded her in death a short while ago. A former local resident she had many friends who regret to learn of her passing. Those from here attending the funeral were Mrs. Alfred Shade and Mr. and Mrs. Herbert Layton.

A surprise birthday party was held Saturday evening for Harry Tome. Cards furnished diversion with refreshments following. The guest of honor received a number of gifts.  
Not until Sunday was it learned that Mrs. Jessie Kennedy, former local resident now of Driftwood, suffered a fall several weeks ago sustaining cuts and bruises, from which she has recovered nicely.

Mrs. Blanche Kennedy, Mrs. Rubie Day and Mrs. Ivan Day, Kinzua visitors last Saturday.

Mr. and Mrs. Bert Hatch, Warren, were visitors locally Sunday enroute to Salamance, N. Y.

Mrs. Blanche Kennedy, spending the winter months in Complanter has arrived at her home here with many friends welcoming her return.

Mrs. Rubie Day, spending the

lunch. But I couldn't go as far as your hotel. I have only a short lunch hour today unfortunately."  
"Then you are busy. That means business is good. That is all right. I needn't go to the hotel. Come into one of our army restaurants. There is one near here."

It was not until they had found a table in the restaurant that she mentioned having seen Von Eger at the opera. Several days had elapsed since that event.  
"How did Mlle. Girard enjoy the opera?" she asked, taking a cigarette from her own case and lighting it deftly before he could produce his lighter.  
"Mademoiselle Girard enjoyed it very much."  
"So did I," returned the Frau-  
lein, exhaling a "puff" of blue smoke. "But Karl," her senses narrowed slightly as she looked at him, "you had best be careful as I warned you before. There is increasing evidence that she is a friend and associate of a young man by name of Lamothe, who is a dangerous character. We are trying now to locate his headquarters, but so far that has not been discovered."  
"Lamothe," repeated the Kapitän frowning. "I have never heard of him."  
"So did I," returned the Frau-  
lein, "but I have never heard of him."  
"Of course not. She will tell you nothing."  
He was gloomily silent for a minute. Then he said with some asperity in his tone, "I would be obliged Auguste, if you said nothing to Schafer in regard to what you suspect. You have no proof."

"I WON'T say anything for the present unless he asks me. Then I will be obliged to tell him what I know."  
"If you want to please me, Auguste, and I think you set some value on our friendship, you will say nothing," he returned coldly.  
"There's my job to be considered," she exclaimed. "This girl certainly has a hold on you. But don't let us quarrel about her. There's no need to worry about it as present."  
With more tact than he had given her credit for, she changed the subject and led the conversation into other channels. Yet Auguste Lange was aware that a gulf had arisen between Von Eger and herself, creating a barrier between them.

## No Trace Yet Of Dog Shot By Policeman

Despite diligent search made yesterday for the dog which caused the scare on the upper Conewago avenue section Tuesday evening no trace of the animal was found. It had evidently crawled off into some deep piece of woodland and died as the result of the gunshot wounds inflicted. The charge of buckshot from the gun carried by the police officer took effect in the head of the animal.

It was thought that could the head of the dog be secured that it would be forwarded to Philadelphia where correct determination as to whether or not the animal was suffering from rabies could be made. The dogs that were bitten by the animal are being closely watched for any development of the disease.

In view of the fact that rabies are particularly prevalent in this end of the state at the present time the police department is watching all dogs that present any suspicious symptoms.

This afternoon a group of men from the Warren County Field and Stream Club is making a search in the woods where the dog disappeared in an effort to locate the animal's body.

In the meantime the police have issued a new warning that all dogs in the borough must be confined. If the dog that was shot Tuesday night had rabies there is grave danger of an epidemic here and all steps to halt such a thing are being taken. Chief of Police George Hahn has ordered all owners of dogs that was bitten to have their dogs inoculated and the suggestion is made that dog owners would all do well in the face of events to have their pets given treatment.

## Bible Study Class Contest Nearing Close

With only the closing session yet to be held, the team captained by Dean Blair and coached by James Richards is leading in the Y. M. C. A. Boys Bible Study Club contest by 143 points. Although so far behind in the running, Roger Babcock's team, of which Jack Lesser is coach, has not given up. By making an unusually good showing in the Bible study quiz, as well as in attendance for the closing meeting, the trailing team can still come out on top.

The eighth and last in the current series of Bible Study club supper meetings will be held next Wednesday evening at 5:15, and the leader, Ralph H. Wagner, urges that all boys who have attended any of the previous seven sessions make a special effort to join in this wind-up event. So far as possible, meal reservations should be in at the "Y" office by Monday night.

## Youngsville Naval Man Wed At Ceremony Held In Chicago

Youngsville, April 20—Donald Hauptman, son of Mrs. Edna Hauptman, of Ford street, Youngsville, now an aviation machinist mate located at the Navy Pier, Chicago, Ill., was united in marriage at 12:30 p. m. April 18 to Miss Myrtle Zimmerman, daughter of Mr. and Mrs. William Zimmerman, of 6234 Wolcott Avenue, Chicago.

The ceremony took place before the altar of Our Redeemer Evangelical Lutheran church of Chicago, with Rev. Luther A. Schuessler, pastor of the church, reading the service. The bride wore white taffeta with long sleeves and a net bodice. Her long veil with four-yard train was held in place with a pearl tiara. Her cousin, Miss Marie Kluender was her maid of honor in green lace and net with flower tiara to match. Miss Edna Zimmerman, sister of the bride, was the maid of honor and was gown in peach taffeta with net.

Colonial bouquets were carried. Warren Hauptman, of New Kensington, was his brother's best man. Wedding music was played on the organ by Carl Meyers and the Lord's prayer and twenty-third psalm was sung by Mrs. F. B. Barnes.

A dinner was served to the bridal party and immediate family at Nantucket Inn. Mrs. Edna Hauptman the groom's mother, from

## Man Power Commission Starts Third Year; Faces Great Task

New and greater tasks lie before the War Manpower Commission as it begins its third year of operation on April 18, it was said today by David W. Levine, manager of the Warren Office of the U. S. Employment Service. In the Warren area, as in many other communities throughout the country, the job of supplying the necessary manpower to maintain war production and essential activity is still in a critical stage, particularly in the face of increased withdrawals of young men by the armed forces.

"Probably the most dangerous idea existing in the minds of some of our citizens is that manpower is over the hump," Mr. Levine said. "Any one who has such a belief simply does not understand the human element in our manpower problem. A study of facts and figures will convince any one that

"This nation acted with amazing speed. War production mounted to \$67,000,000,000 in 1943. This amount went into munitions and supplies needed by our armed forces and for lend-lease to our allies. We had total war and non-war production of \$146,900,000,000 in 1943. Our total production in 1939 had been \$88,600,000,000. The achievement is one, unequalled in history.

"To appreciate where we stand today we must go back several years to review our national manpower problem as it has developed. In 1939 we produced munitions of war valued at \$1,400,000,000. At that time there were approximately 10,000,000 unemployed in this country. We still possessed age-old prejudice against the use of minority groups, the physically handicapped, women, younger and older workers. Many sincere men and women were telling us a war involving this nation could not happen.

"Then came Pearl Harbor. The stab in the back on December 7, 1941, will go down in history as an event which brought about with startling suddenness a very great change in the lives of vast numbers of our people.

are best fitted and thus produce the maximum of goods and services.

"Some reflection of these great national changes may be found in the records of the Warren Office of the U. S. Employment Service. In 1941 the total number of persons placed in jobs by this office was 1270. In 1942 this figure decreased to 1153, a decrease of 9 per cent and in 1943 the total was 1565 an increase of 7 per cent. For the first three months of 1944, job placements in this area total 602. Recent surveys indicate that women now represent approximately 18 per cent of all workers in war plants and other essential activities in this area, as compared with a ratio of only 1 per cent of women workers back in 1942.

"This great history breaking production program has meant a job for everyone who wanted one and who could possibly work. It has meant higher wages, unprecedented prosperity. The average standard of living, rather than being lowered during a war period, has risen.

"It is true that we have reached a plateau in production and man-

## LANDER

Lander, April 17.—The teachers and pupils of Lander High School have been having a contest this past week collecting waste paper. About 3000 pounds of paper were collected. The sophomore class won the contest for the week. The losing class will pay \$5 to the moving picture machine fund. They are planning to have another contest in the near future and everyone is asked to have their paper and notify any pupil in the high school and it will be called for.

Mrs. Clair Cowles and daughter, Patty, were supper guests of Mr. and Mrs. J. A. Cowles Saturday evening.

Mr. and Mrs. Herman Youngberg of Sugar Grove visited Mr. and Mrs. Claus Carlson Sunday.

Mr. and Mrs. Walter Thompson and family of Russell spent the weekend here with relatives and were dinner guests on Sunday of Mr. and Mrs. Elmer Thompson. Mr. and Mrs. Thompson and daughter, Linda, are leaving today for Leesdale, Pa., where Linda will enter a hospital for treatment. Their son, Dickie, will stay

with his grandparents, Mr. and Mrs. Bert Strong. Mr. Thompson leaves for the Navy soon and Mrs. Thompson will remain there to be near her daughter. They have moved their goods into rooms at Clair Putnam's residence.

Mrs. Gladys Gruber spent Sunday with her parents, Mr. and Mrs. John Gruber.

At the last Grange meeting it was voted to have the representative, Mr. Denton, of Punxsutawney, come to discuss group hospitalization. It was also voted to rent the hall to the F. T. A. for their rummage sale May 4 and 5. Mrs. Widdfield was reported ill. Talks on corn by Evan Wilcox, clover by John Ellis, home nursing by Jennie Lyon were given. Reading, "You're Not Hard Up," by Mary Stufflebeam. Roll call consisted of what can we have to make our program more interesting. It was announced O. C. Tritt, the county agent, would be present at the next meeting, April 27, to show pictures on gardening.

Asa Stanton spent a few days last week with his daughter, Mrs. Frank Allmendinger and family, at Starbrick.

## Giants and Browns Hiding Out In Top Spots In Two Leagues; Pitchers Holding Spotlight

By JACK HAND

Associated Press Sports Writer

Don't look now, but the New York Giants and the St. Louis Browns are hiding out on top of the major leagues, where you'd never look for them.

As the clubs go into a slim six-game schedule today preceding Friday's second openers, excellent pitching efforts by Ewald Fyle and Bill Voiselle of the Giants, and Steve Sundra and Jack Kramer of the Browns, make them the only unbeaten teams who have won two starts.

It took a boost from the boss in the form of Mel Ott's 464th major league home run to put over Fyle's bid for his first National League victory after a disappointing trial in the American.

Ott's early clout after George Hausmann walked, gave the New Yorkers their 2-1 edge on Boston, although Jim Tobin qualified to join Bucky Walters in the "we wuz robbed" department by losing a three-hitter.

Sundra gave the Browns their second in a row with a three-hit effort against Detroit. The Tigers, beaten 3-1, had only Rudy York's homer to thank for missing a shut-out but it was York's 1000th big league hit, if that can be any consolation.

The New York Yankees ran into trouble when two promising rookies, Johnny Johnson and Walt Dubiel, were beaten as the champs dropped both ends of a Patriots' Day double-header in Boston, 6-1 and 5-2.

Orval Grove got the Chicago White Sox off on the right foot with a 3-1 verdict over the Cleveland Indians in a delayed opening game that drew 5,705 fans.

A base on balls to Gil English by Deacon Donahue, Phil rookie hurler from Utica, N. Y., proved his undoing as Paul Waner came through with a pinch hit single to give the Brooklyn Dodgers a 5-4 verdict in the tenth. Donahue pitched only the tenth after the Phils tied it in the ninth.

Cincinnati got another top-row pitching effort and made it count for a win as Elmer Riddle duplicated Walters' opening day three-single performance but topped it with one vital change. He won from Chicago, 2-1.

The Philadelphia at Washington game was postponed and Pittsburgh and the St. Louis Cardinals were unscheduled.

## TORTURING MARATHON TURNS OUT A CLASSIC

Boston, April 20—(P)—Gerard Cote of Montreal has the laurel wreath which waits annually at the end of the Boston A. A. Marathon's torturing trail but today the greater glory is owned by Wee Johnny Kelley.

For Johnny emerged from the rut of yesterday's race and threw aside the whispers that he was washed up to draw every last resource from his frail frame and convert what loomed as a Cote speed-eagling of the field into one of the classic marathon races of all time.

## SPORTS ROUND-UP

By HUGH FULLERTON, JR.

Philadelphia, April 20—(P)—Professional football had its counterpart to Tiny Maxwell, colorful college referee, in Jim Durfee of Columbus, O., whose officiating helped establish the National League and whose memory still is fresh in the minds of the circuit's best yarn-spinners.

Here are a couple of the tales that have been relished in the past few days:

### Decision Reserved

It was during a game between those bitter Ohio rivals, Canton and Massillon, and the game was nearing its end when the visiting club moved down near the goal line.

The spectators crowded around the field and when a visiting back flung a long pass across the field, the man who caught it disappeared into the throng as he stepped across the goal line.

A moment later he came flying out again, minus the ball, his headgear and most of his jersey and when the ball finally was located it was well out on the field and in possession of a home player.

Durfee, the referee, surveyed the scene and announced: "The decision will be rendered in my hotel tomorrow morning." And without waiting for the end of the game he left the field.

### Protest Overruled

Another difficult decision that Durfee had to call came in a big league game when a little half-back failed to throw a pass and was grabbed by a huge lineman from the other side.

The big fellow slung the little one over his shoulder and was carrying him toward his own goal when the passer calmly tossed the ball down to the ground.

It was ruled an incomplete pass but the Giants' Steve Owen, who tells the yarn in the role of offended coach, protested to Durfee.

"Why didn't you penalize them for intentionally grounding a pass Jim?" Steve demanded.

"Why, Steve," Durfee replied blandly, "I was looking that boy straight in the eye and I saw no sign of intent."

### Greenest Rookie

This baseball yarn is more recent and Earl Hilligan, American League publicist, admits it happened to him this spring in the Cleveland Indians' camp.

Earl wanted some exercise and found himself installed as third baseman in an intra-squad game.

Hilligan did all right in the field—he says—but couldn't touch Al Smith's fast ball until Catcher George Susce, an old pal, whispered that he was signalling for a slow pitch.

Earl got set for it, poked out a baseball and strolled off first base trying to look unchalant.

... and right then Susce shot a quick throw to Mickey Rocco and picked him off.

### SPORT SHORTS

Rochester, N. Y., April 19—(P)—The Rochester baseball club of the International League tonight announced the acquisition on option of Ora (Mickey) Burnett, shortstop, from the parent St. Louis Cardinals.

Burnett, stolen base champion of the Pacific Coast league last season, is expected to report to the Red Wings in Syracuse Thursday.

Pinehurst, N. C., April 20—(P)—The semi-final round of the 42nd north and south women's golf tournament today sent Mrs. Estelle Lawson Page of Chapel Hill, N. C., against Mary Clay O'Connor of Durham, N. C., and Marjorie Row of Anniston, Ala., the medalist against Kay Byrne of Rye, N. Y.

## Sportsmen Pay Tribute To Rifleman Who Passed Away

Alfred Nelson, of 120 Parker street, who passed away this morning at Erie will be generally mourned by sportsmen of this vicinity as he was one of the outstanding marksmen of the district. A keen devotee of the great out of doors he developed into one of the most excellent rifle and pistol shots to be found in a large area.

During the conduct of the Small Arms Firing School held in this city for men about to enter the United States service he spent much time with the men giving them the benefit of his experience and skill. In all he had about 140 hours of service in this work and will be greatly missed as he was one of the finest instructors of the school.

Since 1934 he had attended the National Rifle matches held at Camp Perry, Ohio, and he usually placed high in the competitive shoots held there by the best shots in the nation. In 1940 he was a member of the American Legion Rifle team and had also been active on the teams of the Pennsylvania Rifle and Pistol Association. A member of the Midwest Rifle team he aided that body in

securing the state championship which they have held since 1941. He was active in affairs of the Kaibab Rod and Gun Club of which he was a member and a director. In its various events he always evinced the greatest interest and gave freely of his time to advance affairs of the organization. He will be greatly missed among the best sportsmen of the county.

### P. T. A. News

#### IRVINGDALE UNIT

The regular monthly meeting of the Irvingdale P. T. A. was held Tuesday evening with a good attendance. O. C. Tritt, county farm agent, gave an interesting talk and showed slides. Highlight of the evening was the election of officers for the year. They are: President, Mrs. Samuel Lannen; vice president, Miss Lorraine Johnson; secretary, Howard Landers; treasurer, Mrs. Otto Berry; historian, Miss Elvira Ostrum.

Refreshments were served by Mrs. Clifford Gordon and her committee, Mrs. Fritz Bohren, Mrs. Otto Berry and Mrs. Charles Knapp. As a special treat, Mrs. Bohren treated the members with some delicious home-baked cookies.

#### LACY SCHOOL UNIT

The Lacy School Unit of the Parent Teachers Association held a most interesting meeting Tuesday in the Beatty school. Officers were elected as follows for the coming year: President, Mrs. S. E. Kotmair; Vice President, Mrs. Carl Berglund; Secretary, Mrs. William Rohrer and Treasurer, Mrs. Andrew Thompson.

Miss Eva Bond's room was given the award for the room having the largest turnout of parents in attendance.

Mrs. Hazel Merenick gave two vocal numbers "The Sunshine of Your Smile" and "Hoot Owl". She was accompanied by Mrs. Mabel Granquist.

Mrs. Walter Mather then introduced the speaker, Miss Arline Schure, who gave a talk on "Foods". She gave it as her opinion that due to Victory Gardens,

conservation and rationing the food situation over the nation is better now than for months past and urged that all eat foods that are not rationed and that are plentiful.

Nik Geracimos accompanied by John Knapp gave three pleasing violin numbers.

Boy Scouts of Troop 11, sponsored by the PTA were then introduced and given the investiture ceremony by Troop 9 of the Methodist church.

Refreshments were served by Miss VanLanave's room under the direction of Mrs. George Hesch and Mrs. Watt.

#### McCLINTOCK SCHOOL

The McClintock P. T. A. held its April meeting at the school Tuesday evening. Mrs. Wilson gave a report on actions taken at the last council meeting. The nominating committee for next year's officers was appointed. It was decided to hold an ice cream social in May and a committee was chosen to take charge, no date was set for this event. Miss Jolley, Mrs. Harrison and Mrs. Smith were asked to audit the books for the year. The attendance award went to Miss Jolley's room.

## Scout Charter Is Presented Kinzua Troop

The Boy Scout Troop Charter was presented to a group of citizens in Kinzua for their Troop 39 in ceremonies held recently in the Kinzua Methodist church. It was learned today at the local Scout Office. The Charter was presented by Don Lauffer representing the Commissioner's Staff of the Warren County Council.

Following a brief talk the Charter was presented to Boyd English, Chairman of the Troop Committee. The Troop Committee is composed of W. Boyd English, Rev. H. L. Johnson, J. C. VanBuskirk and Chas. R. Wienold, who were charged with their responsibilities for the administration of the Scouting Program in Kinzua. They were given their Scout membership cards.

Boyd English introduced the Scoutmaster, Norman Atkins and charged him with the responsibility of that office. An impressive investiture service was presented

by the Scouts of the Star Brick P. T. A. Troop 3 who had prepared for the service under the leadership of Albert W. Toner, Troop Committee Chairman; Arthur J. McCain, Harry H. Black, George G. Kincaid, J. P. Huckabone, Ned O. Hicks, Frank C. LeLaCheur, Robert B. Smith and Edwin R. Morris.

The members of the Troop in Kinzua are as follows: John Carpenter, Hubert Carpenter, Tony Prosen, Edward Gebec, Donald Sheldon, Robert Whittemore, Richard Heller, Albert Cataldo, Donald Crouse, Joseph Ely, Joseph Cataldo and Robert Martin.

joyed by the audience. Miss Josephine Lucia, accompanied by Kathleen Simmons, sang Brahms Lullaby and Out of the Dusk to You. Mrs. Correll showed four colored reels of film and talked on the activities of the girl scouts. Mrs. Ruth Lindquist, accompanied by Miss Jolley sang In My Garden and the House on the Hill by Charles.

At the conclusion of the program, Mrs. Angelotti and her committee served a lunch.

#### IRVINE UNIT

The April meeting of the Irvine PTA held Tuesday evening was called to order by Miss Driscoll. The attendance award was given to pupils of Room 3. Mrs. Lightner, Mrs. Munson and Mrs. Johnson are to act as nominating committee for the coming election. Boy Scouts of Warren and Irvine were in attendance. Gordon Clark, neighborhood counselor, gave a talk on Scouting. Investiture service was conducted by Warren Troop 3, and the Irvine PTA was presented with the charter. O. C. Tritt, Warren county farm agent, delivered an illustrated talk on Vegetable Gardening.

## Armour Ideas Make the Most of Meat

Fried Armour's Star Liver Sausage on Potato Cakes! Try It!

There are so many reasons for planning more and more meals around Armour's Star Liver Sausage. First, because it's such a delicious meat—mild and "spready." Second, because it's mighty easy on your meat ration—a low-point meat. Third, because it's wonderfully nutritious—especially rich in vitamins A, B, D, and G... minerals and high quality proteins.

Here's a new recipe for a fine liver sausage main dish for dinner:  
To serve five, ask your meat man for 1 1/2 lbs. of Armour's Star Liver Sausage, cut into 5 thick slices. To make the potato cakes, use 3 cups mashed, seasoned potatoes. Mix the mashed potatoes with 1/4 cup finely chopped onions, and one egg yolk. Form into 5 patties. Fry until brown in bacon or sausage drippings. Brown the liver sausage for 2 minutes to the side and place a slice on the top of each patty just before serving.

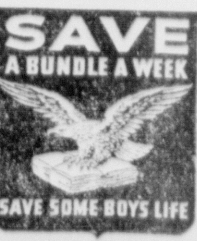

This recipe was developed in Armour Kitchens to help you get the most enjoyment from your meat ration.

## WHO GETS

THE FOOD THAT IS PRODUCED IN AMERICA? October 1943 through September 1944

### 13. OUR ARMED FORCES

Our Armed Forces and War Services will receive about 13% of our food. And, it must be the right kind of food—available when and where he needs it.

### 75. OUR CIVILIANS

In the next 12 months, we, the civilian population, will get about 75% of all the food produced. Only after the needs of our Armed Forces and our own essential needs are met, is any food sent to anyone else at all.

### 10. OUR ALLIES

This year we hope we can send our Allies about 10% of our food. Our military advisers wish we could send more, because food sent to our Allies fights for us.

### OUR OUTLYING TERRITORIES AND GOOD NEIGHBORS

Hawaii, Porto Rico, Alaska—they have always looked to us and to Canada for food. Central and South American countries need certain kinds of food from us. They send us other kinds of food and important war materials in return. Altogether, these territories and neighbors get about 1% of our food.
